DEDICATION
HAMPTON FALLS VOLUNTEER FIRE
DEPARTMENT AND LADIES AUXILIARY

The Hampton Falls Volunteer Fire Department was formed in December 1948. When that first meeting took place, 24 men came together and decided that the Town needed a Fire Station and fire fighting equipment. Over the last 30 years many townspeople have worked in a spirit of cooperation to serve our community. The members have donated their time not only to fight fires, but to perform many other tasks such as building or enlarging the Fire Station, training, and repairing the equipment. Currently the Town is fortunate to have a most up to date complement of fire fighting equipment.

The Ladies Auxiliary has played a key role in the development of the Department. These women have conducted numerous fund-raising activities over the years enabling the Department to continually upgrade the equipment. The Annual Village Green Fair sponsored by the Auxiliary has come to be the focal point for rejuvenating our Town spirit.

Therefore we wish to dedicate this report to all those who have served these two organizations in the past as well as those individuals who serve today. The efforts have been a true public service.

Sincerely,
Board of Selectmen

HAMPTON FALLS TOWN MEETING March 16, 1979

The adjourned meeting of the Hampton Falls Town Meeting of 1979 was opened at 7:00 p.m. by the Moderator Richard Bohm. The salute to the flag was given by those assembled following which the moderator read the results of the election the previous Tuesday. The moderator made the following rules:

1. Once an article taken up in the budget or in the warrant is finished, no further action may be taken on it with the exception of one reconsideration in case of error or misunderstanding.
2. There will be a limit of 2 amendments to any article or any motion or part of a specific article.
3. Any lengthy motion shall be submitted to the Moderator in writing.
4. The chair will recognize first the sponsor of any article or item in the warrant first.

Article 2 - Budget

William Marston moved that the town raise the appropriate the sum of \$7,000.00 for Town Officer's Expenses Seconded by Jerome Healey. Donald Janvrin made a motion to amend the gifure to read \$6,000.00. Seconded by Dorothy Dail. The amendment did not pass. The original motion was then voted upon and passed.

Jerome Healey moved that the town raise and appropriate the sum of \$800.00 for Election and Registration Expenses. Seconded by William Marston. Passed.

Harrison Biggi moved that the town raise and appropriate the sum of \$4,500.00 for Expenses Town Hall and Other Buildings. Seconded by Jerome Healey. Mr. Biggi explained that the Selectmen hoped to have the Town Hall insulated and storm windows installed. The motion passed.

William Marston moved that the town raise and appropriate the sum of \$200.00 for the Care of Town Clock. Seconded by Harrison Biggi. Passed.

Jerome Healey moved that the town raise and appropriate the sum of \$23,500.00 for the Police Department. Seconded by Harrison Biggi. Passed.

Harrison Biggi moved that the town raise and appropriate the sum of \$5,300.00 for the Fire Department. Seconded by Jerome Healey. Passed.

William Marston moved that the town raise and appropriate the sum of \$2,500.00 for Planning and Zoning. Seconded by Jerome Healey. Passed.

Jerome Healey moved that the town raise and appropriate the sum of \$8,825.00 for Insurance. Seconded by William Marston. When questioned by Donald Janvrin on the increase Mr. Healey replied that they wanted to raise the insurance carried on the Town Hall, its contents, the Town Library, its contents and the incinerator and its equipment. Motion passed.

Harrison Biggi moved that the town raise and appropriate the sum of \$100.00 for Civil Defense. Seconded by William Marston. Passed.

William Marston moved that the town raise and appropriate the sum of \$75.00 for the Conservation Commission. Seconded by Harrison Biggi. Passed.

Jerome Healey moved that the town raise and appropriate the sum of \$1,500.00 for Ambulance. Seconded by

Harrison Biggi. Mr. Biggi explained that the selectmen had been in touch with EMT Ambulance Service of Exeter and they had agreed to service the town with no annual fixed fee but rather they would charge the individual \$35.00 per call plus \$1.50 per carrying mile. If after 90 days they were not able to collect from the individual they would bill the town. Their collection record was very high reported Mr. Biggi. The motion passed.

William Marston moved that the town raise and appropriate the sum of \$100.00 for Vital Statistics. Seconded by Jerome Healey. Passed.

Harrison Biggi moved that the town raise and appropriate the sum of \$22,500.00 for the Town Dump. Seconded by Jerome Healey. Mr. Biggi said that the selectmen had been in touch with a landfill operation in Kingston with regard to having rubbish from Hampton Falls carried by private hauler to Kingston. He reported that the town was not 100% behind the recycling plant by a "long shot". He commented that they had had to find a man for the dump two times since opening with expenses being incurred for advertising. The two oil burners there are becoming obsolete and the stack was questionable. Following discussion Mr. Healey asked the Moderator if a sense of the meeting could be taken. The moderator agreed and the sense of the meeting was taken and it was found to be in favor of having the rubbish hauled to Kingston. The motion passed.

William Marston moved that the town raise and appropriate the sum of \$26,000.00 for Town Maintenance Summer and Winter. Seconded by Jerome Healey. Passed.

Harrison Biggi moved that the town raise and appropriate the sum of \$1,500.00 for Street Lighting. Seconded by William Marston. Donald Janvrin moved to amend the sum to \$1,300.00. Seconded by Jerome Healey. The amendment passed.

Jerome Healey moved that the town raise and appropriate the sum of \$30,000.00 for General Expenses of Highway Department. Mr. Healey explained they have to include all the intend to spend and then deduct from Revenue Sharing. Seconded by William Marston. Passed.

Gordon Janvrin moved that the town raise and appropriate the sum of \$7,800.00 for Libraries. Seconded by Lucy Woodes. George Vigneau questioned the increase

saying that there had been a 35% increase in the library account since 1975. Mr. Janvrin defended the library saying he felt the figure was conservative with the town getting the full value of the \$1.00. The motion passed.

William Marston moved that the town raise and appropriate the sum of \$1,500.00 for the Town Poor. Seconded by Harrison Biggi. Passed.

Harrison Biggi moved that the town raise and appropriate the sum of \$2,000.00 for Old Age. Seconded by Jerome Healey. Passed.

Kenneth Allen moved that the town raise and appropriate the sum of \$4,200.00 for Mosquito Control. Seconded by Morris Courchesne. Passed.

William Marston moved that the town raise and appropriate the sum of \$1,500.00 for Town Forrest. Seconded by Jerome Healey. Passed.

Article 9 - Wage Scale

Jerome Healey moved that the article be passed as read. Seconded by William Marston. Francis Ferreira amended the article to read Treasurer - \$1,000.00 Annually. Seconded by Barbara Carlson. The amendment passed. The original article passed with the amendment.

Article 10 - \$10,000.00 for Legal Action

Roberta Pevear moved to raise and appropriate the sum of ten thousand dollars (\$10,000.00) to be used by the Board of Selectmen for legal action to prevent testing by the Public Service Company of New Hampshire of the company wells in the town. Seconded by Edward Pevear. Robert Batchelder asked the Selectmen if they felt the \$7,500.00 already appropriated under Legal Expenses would take care of the matter. Mr. Biggi answered that town counsel has said that the \$7,500.00 would take the town as far as he will have to go on the matter. Jerome Healey asked for a sense of the meeting as to whether the town should pursue the matter after the testing is completed assuming there is a reasonable chance of overturning the decision. The sense of the meeting was to pursue the matter. Mrs. Pevear said that she had introduced a bill in Concord making the company liable for any damages incurred to local wells due to the pumping. Morris Courchesne asked that a letter be sent to the proper people endorsing this bill. After further discussion Mrs. Pevear withdrew her motion and the second, Mr. Pevear, withdrew his second.

Article 11 - Mouse Control

Sally Lewis moved that this article be postponed

indefinitely. Seconded by Tracey Healey. Mrs. Lewis said that she had received assurance from the owners of the orchard that notices would be placed in newspapers warning dog owners of the use of the poison pesticides. passed.

Article 12 - Maple Trees

Gordon Janvrin moved that the town vote to raise and appropriate the sum of one hundred and fifty dollars (\$150.00) for the purpose of planting five rock maple trees on the Common. Seconded by Andrew Christie. Passed.

Article 13 - Rockingham Child and Family Services

Rosemary Coffin moved that the town raise and appropriate the sum of \$244.00 to assist Rockingham Child and Family Services, a private, non-profit organization. Seconded by David Coffin. Passed.

Article 14 - Jack Chesterman Town Forrest Area

Robert Dutton moved to see if the town would grant permission to the Conservation Commission to set aside a parcel of land, two or three acres, within the town forest to be known as the Jack Chesterman area, as a living memorial to one of the original proponents of the recently acquired Town Forest and a member of the Conservation Commission at the time of his death. Seconded by Charlyn Brown. Harrison Biggi reported that the family has asked that it be designated as the John Chesterman area. The article passed.

Article 15 - Municipal Coastal Planning Grants

Harrison Biggi moved that the town vote to authorize the Selectmen to apply for, accept, and expend (up to \$20,000.00) in Municipal Coastal Planning Grants as authorized and approved under the New Hampshire Coastal Resources Management Program. Seconded by Jerome Healey. Passed.

Article 16 - New Fire Truck

Article 26 - Other Business

George Vigneau thanked the Selectmen for having the informational meeting on the warrant and expressed hope that the practice would be carried on in future years.

The moderator announced a public hearing on the proposed liquor store would be held on March 23, 1979 at the Lincoln Akerman School at 7:30 p.m.

John Parker made the following resolution:

WHEREAS the state proposed to build and operate a liquor store in Hampton Falls, the people in the town do not want it for these reasons:

1. the legislation authorizing it is in error although its clear intent was to put it in the town of Hampton, where apparently it is not opposed;

2. there are available alternate sites outside of our town;

3. local legislative representatives and town officers are against it;

4. the state failed to consult our wishes beforehand;

5. the proposed location violates our zoning;

6. town operating expenses will rise if the store does go in;

7. no citizen spoke in favor of it at a public meeting last October 10 before liquor and highway representatives but rather, many citizens spoke sharply in opposition;

THEREFORE be it resolved that the Town of Hampton Falls at its town meeting of March 16, 1979, hereby confirms its total opposition to any state liquor store within its boundaries; further, this especially means that we oppose any possible compromise which may be attempted by any party;

And further, we request that copies of the resolution, upon passage, be forwarded to the Governor, the Governor's Council, the Liquor Commissioner, the Highway Commissioner, the appropriate committees of the New Hampshire House and Senate and to our local representatives in the state legislature. Robert Bachelder seconded the resolution. Paul Montrone moved to amend the resolution by removing the following section:

further, this especially means that we oppose any possible compromise which may be attempted by any party;

His motion was seconded by Dorothy Dail. The amendment passed.

Mr. Parker's resolution passed with the amendment noted. John Parker then made the following resolution:

WHEREAS the people of Hampton Falls are emphatically opposed to the Public Utilities Commissions allowance of CWIP (Construction Work in Progress), and we so voted at last year's town meeting under Article 11 with 303 in favor and 108 opposed;

THEREFORE be it resolved that the Town of Hampton Falls at its town meeting of March 16, 1979, hereby confirms its opposition to CWIP; further, we urge the Governor to remain steadfast to his pre-election promise to sign any legislation which would prohibit CWIP; further, we urge the legislature to pass forthwith legislation which prohibits CWIP in its current form and prohibits, without compromise of any kind, any form of CWIP in the future; and further, we request that copies of this resolution, upon passage, be forwarded to the Governor, the Chairman of the Public Utilities Commission, the appropriate committees of the New Hampshire House and Senate and to our local representatives in the state legislature. The resolution received a second from Jerome Healey.

Paul Montrone made the following amendment:

Further, we urge the Governor, our legislators, and the PUC to find alternative solutions to the problem of financing the Seabrook Nuclear Plant so as to retain the ownership of 50% of the plant for the benefit of the people of New Hampshire.

The Montrone amendment was seconded by Nancy Russell. The amendment did not carry.

Mr. Parker's resolution passed.

Donald Janvrin asked that the Selectmen be instructed to have the extended meeting of Town Meeting on Saturday. His motion was seconded by John Parker. Following discussion the motion did not pass.

Jerome Healey nominated Emil and Maureen Dumont as the Hog Reeves for the coming year. Seconded by Shirley Gustavson. The nomination closed and the Dumonts were elected. They were given the oath of their office by the town clerk.

Marie Janvrin made a motion to adjourn and was seconded by Grace Perkins. The meeting was closed at 10:41 p.m. by the Moderator, Richard Bohm.

TOWN WARRANT

TOWN BUDGET of the Town of Hampton Falls, N.H.

**TOWN WARRANT
THE STATE OF NEW HAMPSHIRE
THE POLLS WILL BE OPEN FROM 10 A.M. to 8 P.M.**

To the inhabitants of the Town of Hampton Falls in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Hampton Fall on Tuesday, the eleventh day of March, next at Ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. Warrant Article. To see if the Town will vote to amend Article III, Section IV entitled "Supplementary Regulation for all Districts" by changing the last sentence in that section such that Section 4-B(1) shall now read "In Agricultural-residence district (A district), each structure shall be set back at least fifty (50) feet from all lot lines or such distance as shall conform to the front lot line of existing buildings on adjacent property. Lots of record one acre (43,560 square feet) or less are exempt from this requirement and each structure thereon shall be set back at lest 25 feet from all lot lines. (RECOMMENDED UNANIMOUSLY BY THE PLANNING BOARD).

4. WARRANT ARTICLE - To see if the Town will vote to amend Article III, Section IV entitled "Supplementary Regulations for all Districts" by changing the last sentence in sub-paragraph D-3 entitled "Accessory in agricultural-residence district (A district) housed in a separate building shall be set back at least 50 feet from all lot lines and shall not exceed 25 feet in hight. Lots of record 25,000 square feet or less are exempt from this requirement and each structure thereon shall be set back at least 10 feet from all lot lines and shall not exceed 10 feet in height and 125 square feet in area. Lots of record more than 25,000 square feet up to one acre (43,560 square feet) are also exampt from this requirement and each structure thereon shall be set back at least 25 feet from all lot lines. (RECOMMENDED UNANIMOUSLY BY THE PLANNING BOARD).

5. WARRANT ARTICLE - To see if the Town will vote to amend Article V Section III entitled "Board of Adjustment" by changing paragraph D to read as follows: "Fees: A filing fee of \$10.00, plus the cost of advertising and costs of mailing the notices of hearing shall be payable by the person making the appeal prior to the hearing." (RECOMMENDED UNANIMOUSLY BY THE PLANNING BOARD).

6. WARRANT ARTICLE - To see if the Town will vote to amend Article X, Section 1 - Meaning of Certain Words - by adding to the present definition for structure so that it reads as follows: "STRUCTURE - Anything constructed that is of necessity attached directly or indirectly to the ground including but not limited to septic systems, i.e., leaching fields". (RECOMMENDED UNANIMOUSLY BY THE PLANNING BOARD).

7. WARRANT ARTICLE - To see if the Town will vote to amend Section IV entitled "Application Fees, of the Building Regulations for the Town of Hampton Falls," by changing the first paragraph under Section IV to read as follows: A minimum fee of \$20.00 shall be charged for the first \$5,000.00 of construction costs with respect to all permits issued, with an additional fee of \$2.00 for each \$1,000.00 of construction costs above \$5,000.00 (RECOMMENDED UNANIMOUSLY BY THE PLANNING BOARD).

8. WARRANT ARTICLE - To see if the Town will vote to amend Section V of the Hampton Falls Building Regulations entitled "Payment of the Building Inspector by the Town" so that Section V shall now read as follows: "The Building Inspector shall be paid a minimum fee of \$20.00 plus 40 per cent of the fees received for each permit above \$5,000.00 of estimated construction costs. The Town Health Officer shall be paid 40 per cent of the permit fee in cases where his services are required." (RECOMMENDED UNANIMOUSLY BY THE PLANNING BOARD)

9. WARRANT ARTICLE - To see if the Town will vote to amend Section VI, sub-section M 1.-a of the Town of Hampton Falls Building Regulations so the section M 1.-a shall read as follows: "Test pits and percolation tests shall not be performed from July 1 to October 15. Test pits for replacement of current septic systems are exempt from these dates. In order to achieve compliance with the current Town of Hampton Falls

regulations, all State of New Hampshire, Town of Hampton Falls approved pit and percolation tests shall become void unless operations are commenced within one (1) year from the date of such approval, unless such time is extended by the Town Planning Board. (RECOMMENDED UNANIMOUSLY BY THE PLANNING BOARD.)

10. WARRANT ARTICLE - To see if the Town will vote to amend the Zoning Ordinance such as to add to Article V, section 2, a new subparagraph B, as follows:

“B” Interim Growth Management Regulation.

1. Pursuant to RSA Chapter 31:62b, and in accordance with the purposes contained therein, the following restrictions are adopted to regulate the growth of the Town.

A. A parcel is defined as all that land in single (one) ownership, whether or not subdivided, whether or not described as separate lots in a deed or plat or plats, and contiguous, or separated only by a road, as shown on the tax map of the Town as of April 1, 1977, regardless of any subsequent changes in ownership.

B. Building permits issued for any parcel of land for new dwellings will be limited in each calendar year to one or to a number of permits equivalent to 10 per cent of the total number that could be issued were the parcel subdivided to the maximum extent permissible under the Ordinances and Regulations of the Town, whichever is greater.

C. Subdivision plats will be processed and approved as a whole and shall be marked with the appropriate limitations indicating the number and location of building permits to be issued each year. A record of building permits to be issued each year shall be available from records of the Building Inspector. Owners of existing subdivisions of record or portions thereof remaining in single (one) ownership shall be notified of this Ordinance by certified mail, return receipt requested, and shall comply with this section within 90 days by presenting an amended plat. In the event that such owners do not comply, the portion of their plat remaining in single (one) ownership may be vacated until such time as the provisions of this section are complied with.

D. Permits for non-dwelling construction or permits for expansion-alteration, or replacement of existing buildings will not be affected by this article.

E. The above restrictions shall expire one (one) year after

its adoption as part of this Zoning Ordinance, or upon the adoption of an ordinance under RSA Chapter 31:62-a, whichever occurs first. (RECOMMENDED UNANIMOUSLY BY THE PLANNING BOARD).

11. WARRANT ARTICLE - To see if the Town will vote to raise and appropriate \$30,000. for the renovation of a portion of the Town Hall for municipal offices.

12. WARRANT ARTICLE - To see if the Town will authorize the Selectmen to issue a note of the Town of Hampton Falls (for the Town Hall renovations) in principal amount not to exceed Fifteen Thousand Dollars (\$15,000.00) in accordance with Chapter 33 of the Revised Statutes of 1955 payable exclusively from funds raised by taxation, interest payable semi-annually, principal payable in one installment of Fifteen Thousand Dollars (\$15,000.00) being due one year from date of such note.

13. WARRANT ARTICLE - To see if the Town will vote to combine the office of Town Clerk with the office of Tax Collector thereby creating a new office of Town Clerk-Tax Collector to be held by one individual, in accordance with New Hampshire RSA 41:45-a (1975 Supp.). This individual would be elected at the March, 1981, Town Meeting for a three-year term.

14. WARRANT ARTICLE - To see if the Town will vote to authorize the Selectmen to sell the Town-owned can crusher and the front-end loader/tractor in accordance with competitive bidding procedures.

LIBRARY TRUSTEES' REPORT FOR 1979

The Trsutees would like to thank the staff and volunteers for their dedicated services in 1979. Appreciation is also expressed for the assistance given by the "Friends" and Grange and the many work parties. One of the improvements to the library during the year was the addition of the "Children's Corner".

Many films and filmstrips were used during the year and "Film Nights" are planned for 1980. Robert Frost's New England, a 16 MM. film was purchased by the Friends. A new collection of young adult paperbacks have been added and new reference books are on order to increase the reference section of the library.

The library is opened Fifteen (15) hours each week and the continued support by the residents is appreciated.

FRIENDS OF THE LIBRARY REPORT

The Friends of the Library is an organization whose prime purpose is to raise money to purchase articles for the library. We have offered a variety of programs to the community this year, such as a discussion of surface and ground waters by Selectman Jerome Healey and an oral history of Hampton Falls given by Martha Batchelder, Pearl Marston and Lois Perfect. In May, 1980, the men will have an opportunity to give their remembrances of an earlier time in Hampton Falls.

Along with gifts and dues, the Friends held a successful Mini Fair in November to help raise money for their projects. This year the Friends donated \$1,000.00 to the Library for the purchase of a Copy Machine that has been in constant use since its arrival. The cost is 10¢ per copy. A film was also purchased entitled Robert Frost's New England. This 12 mm. educational film enables the library to stay in the Seacoast Film Co-op. We are now working toward the purchase of books and reference materials.

Meetings are held in the evenings at 8:00 PM in September, October, April and May and 9:30 AM during November, January, February and March.

Story hour for pre-school children is held Tuesday afternoons from 1-2.

Respectfully submitted,

Marjorie Cass, secretary

FIRE DEPARTMENT 1979

The Annual 1979 report of the Fire Department of Hampton Falls, N.H.

To the citizens of Hampton Falls:

Although 1979 was a busy year for fire calls, it is encouraging to note that there was only one call for a house fire.

I would like to express my thanks to our many volunteers for the time they have donated this year. Not only in responding to fires, but their evenings spent in training classes, keeping our equipment in top shape, and remodeling the station to accommodate the new fire truck which was delivered to us in January 1980.

I would also like to thank the members of the Ladies Auxilliary for their hard work and co-operation in the many fund-raising projects undertaken during this year. Also, thanks to the other organizations, businesses, and citizens of Hampton Falls for their generous donations. These funds have enabled us to fully equip the new truck, as well as enabling us to have the best and latest in equipment for all fire-fighting situations.

Again, thank you for your support and may 1980 be as successful as 1979.

Respectfully Submitted
Robert G. Davies
Fire Chief

ANNUAL POLICE REPORT

Last year, 1979, was a good year for the police department. We worked almost 3700 hours and went 28,415 miles. That may seem like alot but I believe it was worthwhile as we were able to reduce the number of burglaries to 9, as compared with 21 the previous year. I believe this is directly related to the amount of time spent on patrol and that much of the patrol was done at night during high periods of crime. A second factor was that we made property checks while people were away if we were asked. This category increased 380% to a total of 729 checks. This increases the risk to a burglar if we may show up at any time.

In 1979 the number of accidents within the town went down by 24. Here again there are two reasons; one , the number of time spent on patrol and secondly the 32% increase in the number of summons issued for motor vehicle violations.

The major problem that we are still faced with is the increase in vandalism. There seems to be a growing disregard for the property of others. It is very difficult to be in the right place at the right time to catch these vandals and it is most important that the people of Hampton Falls report any suspicious activity and give as much information as possible to aid us in combating this problem.

I would like to thank all of the officers for their help and the work they have done and extend our appreciation to the Sheriff's Dept. and the State Police for their assistance during the past year.

The telephone number to call for the Police Dept. is the Sheriffs Office in Exeter at 772-4716. They will then contact a Police Officer for you.

REPORT OF THE CONSERVATION COMMISSION

During the year Commission members have by testimony at hearings or letters for record made its position known to regulatory agencies and legislation committees on several conservation matters affecting the town and seacoast area.

Preliminary planning for development of the town forest has been started. Attendance at a number of workshops during the year on management of open space has given us an insight into the experiences of some of the 30 towns within the state that have established forests, wildlife or recreational areas. We have reviewed several in depth.

During the coming year we will distribute a series of Wetland posters for display at the library and school. Due to our geographical location we are blessed with both fresh and saltwater wetlands. They help maintain a water table, are efficient cleansers of both natural and manmade pollution, offer habitats for wildlife, serve as a source of timber and firewood, and are used by ecologists, hunters, fishermen, hikers and any boaters alike.

Citizens with ideas for commission activities or an interest in serving on the Commission as vacancies occur may contact any commission member or the Selectmen. Meetings are held bi-monthly on the 2nd Tuesday.

REPORT OF THE COMMISSIONERS OF THE SOUTHEASTERN NEW HAMPSHIRE REGIONAL PLANNING COMMISSION

Despite serious cutbacks in funding this year, a great deal of work was performed by the Commission staff on behalf of the region and its member towns. Progress was made in transportation development, historic preservation, the Corps of Engineers water resources study, the Coastal Energy Impact program and technical assistance to individual towns. Among several reports issued was a guide to developing master plan inventory maps. Preliminary work was started which may lead to hydropower on the Salmon Falls river.

Most towns are initiating or updating their master plans as the key tool in managing growth. The Staff assisted at least 10 towns compared with 1 or 2 towns in earlier years. Once again Hampton Falls was helped in refining our own plan, including a review of existing materials and analyses of future land and land capability.

Coastal Zone Management legislation lost again in the House, failing this time by about 20 votes. The State remains the only one in New England without such a plan and unless one is enacted by July, nearly a million dollars in planning and implementation funds will go to other coastal states. We support the CZM concept and hope that a revised bill, now in interim study committee, will finally pass, including the resolution of our criticisms (see our report of last year) of the defeated bill.

While the Commission adopted a policy on solid waste for the region, we have yet to take a position on hazardous waste, that is, highly toxic or radioactive waste. We note with satisfaction that the State did enact laws which require registration of hazardous wastes and which ban the disposal of nuclear wastes. However, nuclear wastes at Seabrook would be stored on the site.

Hazardous wastes cannot be disposed of; they can only be managed, which is difficult and costly. None of us wants a Love Canal here or the irresponsible dump operation in Epping. We'd like to suggest that the Town begin to address the question of planning for a potential site, if any exists. It appears that no suitable place is present if only due to the

generally high water table in much of the Town. Nevertheless, without planning, the heavy hand of state or federal government could make things difficult for us in the future.

The work of the Commission is funded by federal money mostly, with smaller contributions by the state and member towns. Since 1971 we have been able to keep local payments at a per capita rate of 60 cents (for us in 1980, \$837). This may be the last year at this rate because of uncertainty regarding federal funding, particularly if CZM monies are lost. We hope you will again find the Commission's expertise a worth-while investment.

After 8 years of truly outstanding leadership, Commission director Charles Tucker resigned to enter private law practice. Mr. Tucker did his work with high competence, sure knowledge of both the large issues and the small details and maybe best of all, with a good sense of humor. We thank him.

Commission meetings are held on the second Thursday of each month at 7:30 p.m. on a rotating basis in the member towns. We invite all citizens to attend although one is advised to first check the agenda because some of the meetings are downright dull. We welcome your inquiries about our work. All complaints may be registered with Ms. Peaver.

| Nursing | 439 |
| Physical Therapy | 87 |
| Home Health Aide | 128 |

Of these calls 184 were made free of charge or at a reduced fee. It remains the policy of the Agency that no one is refused service because of inability to pay. Fees are scaled or care is provided on a no charge basis when necessary,

Currently 12 children are enrolled in our Well Child Clinic. Clinics are held twice a month and are staffed by a Pediatrician and a Pediatric Nurse Practitioner as well as Agency nurses. Children from birth to 6 years of age are seen on a regular schedule for physical examinations, blood tests, immunizations, counseling, developmental testing, vision and hearing screening, urine tests and lead screening. In addition children between ages of 3 and 6 are seen twice a year at our Dental Clinic by Dental Hygienists employed by the state. The children are referred to local dentists for treatment when necessary at no cost to the family.

In January, in cooperation with some members of the Grange, we inaugurated a blood pressure monitoring and screening program twice a month at the Hampton Falls Library. At present this is being held monthly on the second Tuesday from 11 to 12 noon. In addition to this, anyone may come into our office between 8 a.m. and 4 p.m. for a free blood pressure check, diet counseling or to discuss any health problem which may be concerning them.

Our staff consists of 6 full time R.N.'s, 3 part time R.N.'s, a Physical Therapist, a full time Aide, 1 full time Secretary-Bookkeeper and additional part time typing help as the need arises. We also contract with the Area Homemaker/Home Health Aide Agency which enables us to provide aides and homemakers to local residents when needed.

Although our budget has increased, the Board of Direc-

tors has voted not to ask the local towns to increase their appropriations based on updated population figures this year. Thus, we are asking the Town of Hampton Falls for \$1,389.00.

**Hampton Falls Mosquito Control
District Annual Report
1979**

Mosquito Control in Hampton Falls had both its ups and downs during the year 1979. Due to an unusually wet Spring, we started off the season with a bumper crop of freshwater species of mosquitoes which hatched during late April and May before we were able to get our workers out in the field. Many of these mosquitoes survived well into the summer, adding an annoyance factor that we don't normally have to contend with. As the season progressed however, extensive light-trapping, species identification and pest-control surveys (all of which are now required by State regulatory agencies) revealed that our control of the summer breeding saltwater species was approximately 90% effective. Without success of that magnitude on the saltmarsh, there is no question that the summer of 1979 would have been truly unbearable.

Small steps continue to be made in the direction of source-reduction and biological control methods. The Rye pilot project has now been completed, and the results must now be evaluated by various local and State officials throughout the coming year. Successful findings from this project should result in approval to begin similar activities in other areas of the Seacoast, including Hampton Falls.

For 1980, Hampton Falls has joined forces with Exeter and Newfields to create a cooperative district that will provide a more stable, better qualified labor force as well as more extensive, effective and cost efficient mosquito control. With this cooperative approach we expect to get a much earlier start this year and thus reduce the impact of the spring hatching freshwater species. Hopefully, our three Town efforts will prove to be successful, and other area Towns, seeing the wisdom and benefits of cooperative rather than independent actions, will join with us in the future. As in the past, we welcome your questions and ask for your continuing support in the year ahead.

ROCKINGHAM CHILD & FAMILY SERVICES

To see if the Town will budget the sum of \$274.00 to assist Rockingham Child and Family Services, a private, non-profit organization. The amount of this request is based on services rendered to 14 residents of the Town of Hampton Falls during the period July 1, 1978 through June 30, 1979, inclusive.

These residents used \$770.00 worth of service, however, only \$496.00 could be billed according to their ability to pay. We therefore request the minimum amount needed from the Town, in this instance being \$274.00. These funds to be used for current operating expenses to enable Rockingham Child and Family Services to continue providing individual and family counseling for residents of the Town of Hampton Falls whether or not said residents are able to pay.

PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE
V.
TOWN OF HAMPTON FALLS
January 31, 1980

Sulloway, Hollis & Soden, of Concord (*Dorothy M. Bickford and Martin L. Gross* orally), for the plaintiff.

Upton, Sanders & Upton, of Concord, (*Richard F. Upton* orally (for the defendants.))

PER CURIAM. The issue we decide in this interlocutory transfer is whether the defendant towns may require the plaintiff to use underground transmission lines after the public utilities commission has issued to the plaintiff a certificate of site and facility authorizing above-ground transmission lines for the Seabrook Nuclear Electric Generating Station, in compliance with RSA ch. 162-F. We hold that the towns lack power to require underground transmission lines.

In this petition for declaratory judgment and injunctive relief brought by the Public Service Company of New Hampshire against the town of Hampton and other towns, the plaintiff seeks an order declaring void, as applied to it, certain votes of the towns purporting to require underground construction of electric transmission lines above a rated capacity of 69 kilovolts. The Seabrook transmission lines have a rated capacity of 345 kilovolts. The Court (*Goode, J.*) transferred, without ruling, the following questions of law in advance of trial:

1. Do the votes purportedly adopted by the defendant towns endow them with any legal authority to interfere with the construction of overhead transmission lines associated with the Seabrook Project, in light of RSA 162-F, the Certificate and the other permits held by the plaintiff?

2. Do the votes purportedly adopted by the defendant towns endow them with any legal authority to interfere with the construction of overhead transmission lines by the plaintiff in connection with the Seabrook Project, in light of the requirements of the Zoning Enabling Act (RSA 31:60 et seq.) or other provisions of law relating to actions taken by Town Meetings?

The plaintiff holds a certificate of "site and facility" authorizing the construction of the Seabrook Nuclear Power Plant and the necessary transmission lines. This certificate, issued by the public utilities commission (PUC) on January 29, 1974, after compliance with RSA ch. 162-F, specifically authorizes the erection of overhead transmission lines within the boundaries of the defendant towns. Incorporated into the certificate are permits issued by the water resources board, and by the department of public works and highways authorizing the erection of overhead transmission lines within the defendant towns.

The plaintiff also holds a construction permit from the United States Nuclear Regulatory Commission authorizing the construction of the Seabrook Nuclear Station with associated overhead transmission lines within the defendant towns. The plaintiff claims to have already invested over two million dollars in preparing for the construction of overhead lines in accordance with the certificate and permits.

In March 1979, the defendant towns voted to adopt certain ordinances requiring all electric transmission lines over 69,000 volts to be buried underground. The plaintiff's lines have a capacity much in excess of this voltage.

Enacted in 1971, the declared purpose of RSA ch. 162-F is to provide a resolution, in an "integrated fashion," of all issues involving the selection of sites and routing of associated transmission lines. RSA 162-F:1. It establishes a site evaluation committee composed of certain officials from specified State agencies. RSA 162-F:3. The committee is required to review all plans for the siting and construction of bulk power plants and the routing of transmission lines as defined in the statute. The statute requires joint public hearings to be held by the committee, the PUC and such other agencies as have jurisdiction over the subject matter. The initial hearing and every fourth hearing thereafter must be held in the county where the facility is to be located. RSA 162-F:7 I. It provides that no additional application shall be required to satisfy the requirements of individual agencies and departments. RSA 162-F:7 IV. The committee is required to give due consideration to the views of municipal and regional planning commissions and municipal legislative bodies in determining the effect of such a project on esthetics, historic sites, air and water quality, the natural environment and the public health and safety. RSA 162-F:8 I. It is

provided that the findings of the committee shall be conclusive on all questions of siting, land use, air and water quality. RSA 162-F:8 II.

In the instant case, the site evaluation committee followed all the procedural and substantive requirements of RSA ch. 162-F. After thirty-two days of hearings lasting almost a year, the committee approved the plaintiff's application for a certificate of site and facility on July 27, 1973. During the hearings, the committee considered both overhead and underground transmission lines and heard evidence regarding both methods. In its report, the committee approved overhead lines over specific routes. Incorporating the report of the committee, the PUC issued a "certificate of site and facility" on January 29, 1974. After rehearings were denied, an appeal was brought to this court. On April 23, 1975, we upheld the decision of the committee. *Society for Protection of New Hampshire Forests v. Site Evaluation Commission*, 115 N.H. 163, 337 A.2d 778 (1975).

A fair reading of RSA ch. 162-F reveals a legislative intent to achieve comprehensive review of power plants and facilities site selection. The statutory scheme envisions that all interests be considered and all regulatory agencies combine for the twin purposes of avoiding undue delay and resolving all issues "in an integrated fashion." By specifically requiring consideration of the views of municipal planning commissions and legislative bodies, the legislature assured that their concerns would be considered in the comprehensive site evaluation. Thus, the committee protects the "public health and safety" of the residents of the various towns with respect to the siting of power plants and transmission lines falling under the statute.

We regard it as inconceivable that the legislature, after setting up elaborate procedures and requiring consideration of every imaginable interest, intended to leave the regulation of transmission lines siting to the whim of individual towns. Towns are merely subdivisions of the State and have only such powers as are expressly or impliedly granted to them by the legislature. *Lavalle v. Britt*, 118 N.H. 131, 383 A.2d 709 (1978); *City of Dover v. Wentworth-Douglas Hospital Trustees*, 114 N.H. 123, 316 A.2d 183 (1974). Whatever power towns may have to regulate the location of transmission lines within their borders, that power cannot be exercised in a way that is inconsistent with State law. *Lavalle v. Britt*, *supra*; see *State v. Hutchins*, 117 N.H. 924, 380 A.2d 257 (1977).

Local regulation is repugnant to State law when it expressly contradicts a statute or is contrary to the legislative intent that underlies a statutory scheme. *State v. Driscoll*, 118 N.H. 222, 385 A.2d 218 (1978); *State v. Boisvert*, 117 N.H. 291, 371 A.2d 1182 (1977). The action by the defendant towns in this case is repugnant to RSA ch. 162-F because it is contrary to the legislative intent that all matters regarding the construction of bulk power plants and transmission lines covered by the statute be determined in one integrated and coordinated procedure by the site evaluation committee whose findings are conclusive. See *State v. Boisvert*, *supra* at 292, 371 A.2d at 1183. By enacting RSA ch. 162-F, the legislature has preempted any power that the defendant towns might have had with respect to transmission lines embraced by the statute, and the actions by the defendant towns with regard to transmission lines is of no effect. *Id.*; see *State v. Hutchins*, 117 N.H. 924, 380 A.2d 257 (1977).

The defendant towns argue that the transmission lines in question are not covered by the statute. RSA 162-F:2, entitled "Definitions," provides:

I. "Bulk power supply facilities" means:

(a) Electric generating station equipment and associated facilities designed for or capable of operation at a capacity of 50 megawatts or more;

(b) An electric transmission line of a design rating of 100 kilovolts or more, associated with a generating facility outlined in (a), *over a route not already occupied by a transmission line or lines*;

(c) An electric transmission line of a design rating in excess of 100 kilovolts that is in excess of 10 miles in length over a route not already occupied by a transmission line *or electric transmission lines of a design rating in excess of 100 kilovolts which the site evaluation committee or commission determines should require a certificate because of a substantial environmental impact.*

(*Emphasis added.*) Relying on paragraph (b), the towns argue that the committee has no jurisdiction over the lines in question because they do not run entirely over routes not already occupied by transmission lines. The record shows, however, that one line, 28.75 miles long, is located along over

17 miles of new route while a second, 7.25 miles long, is located entirely over a new route. The third line, 18 miles long, runs 8.5 miles over a new route and 9.5 miles over an existing route.

We believe that these routes fall within the definition of “bulk power supply facilities” contained in RSA 162-F:2 I(b), and are, thus, within the committee’s jurisdiction. In each case, the transmission lines are of a design rating in excess of the statutory minimum and run substantially “over a route not already occupied by a transmission line or lines. . .” *Id.* We decline to read into the statutory language a requirement that the routes be *entirely* new.

Moreover, it would appear that the committee possesses jurisdiction over these transmission lines by virtue of the italicized language contained in RSA 162-F:2 I (c). Where the statutory benchmark of design rating is met, issuance of the necessary site permit implies, *ipso facto*, a finding by the committee of “a substantial environmental impact.”

Accordingly, we hold that the lines here in question are within the jurisdiction of the committee and cannot be regulated by the town. Our view is buttressed by the fact that in its original proposal for the Seabrook transmission lines, the plaintiff desired to locate a much greater proportion of the lines over new routes. Only after consultation with the defendant towns and the committee did the plaintiff agree to locate a greater portion of the lines over routes already occupied by transmission equipment. That decision, motivated in part to satisfy the affected towns, should not later be used to divest the committee of site review authority.

In view of our answer to the first question, we need not answer the second.

Remanded.

MINUTES - HAMPTON FALLS SCHOOL DISTRICT ANNUAL MEETING

March 9, 1979

Lincoln Akerman School

The meeting was opened by 7:30 by the Moderator Richard Bohm. The salute to the flag was given by those assembled. Mr. Bohm read the warrant and then made the following rulings:

1. Once an article taken up in the budget or in the warrant is finished, no further action may be taken on it with the exception of one reconsideration in case of error or misunderstanding.

2. There will be a limit of 2 amendments to any article or any motion or part of a specific article.

3. Any lengthy motion shall be submitted to the Moderator in writing.

4. The chair will recognize first a sponsor of any article or item in the warrant.

Chairperson Pamela Thomas made a motion that the District vote to allow the Superintendent of Schools, his staff and the Principal of the Lincoln Akerman School to speak or answer questions during this meeting. Seconded by Charlyn Borwn. Passed.

Article I - Budget

The budget was read line by line by the Moderator. Andrew Drakides asked the board what the teachers' salary increase was and how long a contract the teachers had. Pamela Thomas stated that the increase was 6.7% and that the teachers were presently under a three-year contract. Mr. Drakides also questioned the jump in Contracted Services. Pamela Thomas stated that the increase was due to special education and accountability procedures required by the state. Barbara Carlson questioned the increase in school lunches. The board replied that the figure must include the income from the hot lunch program and that it was an in-and-out item.

Pamela Thomas moved that the District raise and appropriate \$461,303 for the support of schools, for the salaries of school district officials and agents and for the

payment of statutory obligations of the district. Seconded by Charlyn Brown. Passed.

Article II - Withdrawal of Hampton School District

Warren Kinsman moved that the District vote against the withdrawal of the Hampton School District from Supervisory Union No. 21. Seconded by Charlyn Brown. The board was asked why they were in favor of the article and replied there were three points they were concerned with: 1/ burden of cost to the remaining districts, 2/ increase of expenses and 3/ curriculum coordination. After some further discussion the motion carried by 27 Yes and 2 No.

Article III - Reports

Pamela Thomas moved that the District accept reports of agents, auditors, committees or officers as printed in the Annual Report. Seconded by Warren Kinsman. Passed.

Article IV - Merrill Right-of-way

Charlyn Brown moved that the District vote that Article IV be accepted as printed in the warrant. Seconded by Pamela Thomas. Charlyn Brown stated that previous school boards had felt that there was encroachment of school property by the Merrills and that the 1976 School District Meeting had charged the School Board to investigate the matter. Following legal consultation and meetings with the Merrills the proposed article was offered as a solution to the matter. The article passed.

Article V - Other Business

There was none.

Francis Ferreira moved to close the meeting and the motion was seconded by Charlyn Brown. The meeting was declared closed at 8:08 p.m. by the Moderator. There were 28 voters in attendance.

A true record of the meeting
Shirley Gustavson,
School Clerk

To the Citizens of Hampton Falls:

I submit, herewith, my annual report for your School District.

A common question for a citizen of a town to ask is how good is our school?

I can tell you flatly that by all the indications I have the Lincoln Akerman is an excellent school.

Do we meet 100 percent of the needs of our children 100 per cent of the time?

No school does but every school tries. Your school comes closer than most.

Can the Lincoln Akerman be improved?

Certainly. Most needs are perceived by the staff and School Board. However, you as a citizen have an obligation to assist us in this respect. If you have concerns please do not hesitate to talk to the staff member involved, Principal Sanborn, myself, or a member of the Board.

My last two annual reports dealt mainly with curriculum assessment and change. If you desire copies of these reports, please call Mrs. Cummings in my office at 926-8992.

The education of the handicapped as mandated by State and Federal laws has changed our definition of what a handicapped child is and required many hours of work on the part of staff and School Board members. Mrs. "Maggie" Evans has done an excellent job of holding the whole concept together while keeping the process moving for us. It is a costly, time consuming, and sometimes frustrating task but one that is, in my opinion, long overdue.

I still get a great deal of satisfaction in observing the difference at the Lincoln Akerman caused by adding space and educating youngsters from the first to the eighth grade under one roof. I hear the term "community school" and while not being able to really define it, I think your school comes close to achieving that status.

Thank you for the continued support of those involved in educating your children.

Respectfully submitted,
Richard C. Hamilton, Ed.D.
